 - We'll be having DAPA clinics when it opens, if your interested in getting information on DAPA please fill out an interest card and return the card at the end of meeting.
3. ICE priorities
 - What does priority mean? It is how ICE should prioritize their time. ICE shouldn't be arresting and deporting people who are not priority. But we know all too well it still happens, which is why we'll review our rights with ICE shortly.
 - When Obama created DAPA he had the new priorities in mind. Many of the reasons that make a person ineligible for DAPA makes them a priority for ICE.
 - Review and explain what are considered priorities.
 - Guiding questions: What do you think of how Immigration has divided us? Is it fair? What would be the solution?
 - Closing statement: This is why we need to keep fighting for everyone in our community, ensure those are eligible for DAPA and DACA can apply safely but continue to fight for everyone to be safe from deportations.
